

# Request for Assistance (RFA) # 012 for KNITTED GARMENTS BUSINESS UPGRADATION PROGRAM

An international development organization working in Pakistan wishes to identify small and medium-sized stitching units manufacturing knitted garments, specifically t-shirts, who are willing to participate in a Knitted Garments Business Upgradation Program on a cost-share basis. The program aims to provide technical assistance to the selected stitching units by providing trainings in productivity enhancement and waste reduction, facilitation of international certifications, and business systems software upgradation.

Interested parties can apply by filling out the documents available under 'RFA 012' at [rfp.chemonics.pk](http://rfp.chemonics.pk). Completed forms with the required documents will be accepted both electronically and in hard copy.

All submissions must be received by April 06, 2012 as per protocol described in the RFA under section 'Instruction to applicants'.
