

Pakistan Hosiery Manufacturers and Exporters Association – Technical Support Cell

Conference Meetings

With a facility of huge conference hall at PHMA house, Conferences can be arranged with 60 participants at a time. TSC's Video conferencing setup has the capacity to cover every participant with high definition details

Dedicated B2B Meetings

Another facility for smaller B2B meetings is available with showroom display racks, suitable for product displays and Supplier to client meetings in a professional environment.

Training and Technical Assistance

In usual causes like inconvenience in travelling, high travelling costs, law & order situations, etc, Video Conferencing is the best solution to have experts from abroad online for conducting training sessions as well as acquiring technical assistance that can be arranged virtually at very nominal costs.

VIDEO CONFERENCING FACILITY

Meeting your client face-to-face is often a mandatory requirement in business. However, at times, not every meeting can be made possible due to constraints like time, resources, finance and prevailing law & order conditions. Hence, technology brings us closer to meet many of our requirements with the best of our resources.

PHMA- TSC's Video Conferencing Facility is a cost effective and time saving service with State of the Art equipment and location. Understanding the crucial needs and preferences, TSC's Video Conferencing Facility is designed to conduct effective face-to-face meetings with clarity of message and the agenda.
