

The Sixth World Original Commodity Trade Fair

Invitation

Introduction

The World Original Commodity Trade Fair is the first exhibition named after "original commodity" in China. It's a comprehensive international trade event which involves a variety of industries; assembles original commodities and excellent exported products from different countries. From 2009, the fair has already hold five successive sessions in China. With the growing of the World Original Commodity Trade Fair in these days, the scale of the exhibition has got bigger, the variety of the exhibits has became richer, the exhibits has added many high-value and the products that are rarely exported to China. On the fair, besides the trade deal, exhibitors can also sell their products on-the-spot. This flexible exhibition trade form is exceptional, and it brings the great profit for exhibitors at home and abroad.

In order to expand the influence of the fair on the national scale, the "World Original Commodity Trade Fair" will be hold in Langfang. It aims at opening up a green channel for various countries' exporters and the related areas' original commodities. Moreover, the fair builds a platform for expanding the marketing propaganda and products promotion of related participating enterprises.
