

**PAKISTAN HOSIERY MANUFACTURERS & EXPORTERS ASSOCIATION (PHMA)
In collaboration with
BUSINESS CONTINUITY SOLUTIONS (BCS)
Organizing a two-day SCORE Training of Trainers (ToT)**

Become a certified SCORE Global Trainer*

Overview:

Sustaining Competitive and Responsible Enterprises (SCORE) is a practical training and in-factory counselling program that improves productivity and working conditions in small and medium enterprises (SMEs). SCORE program has already been implemented successfully in various PHMA member companies, resulting in huge saving due to reduction in DHU, increase in productivity, reduction in absenteeism etc.

Course Benefits:

SCORE supports enterprises to **strengthen collaboration and communication** between managers and workers to:

- Make enterprises more competitive in national and global markets
- Boost quality and productivity
- Improve working conditions (HR, OSH etc.)
- Reduce the environmental footprint

Resource Person:

Certified SCORE Master Trainer from abroad will conduct this training program

Who should attend:

Any employee of PHMA member enterprises from departments like Quality, Production, Merchandising, Compliance, Industrial Engineering, QMS etc. or any other person who is interested in improvement of enterprise can attend this program for implementation in its own or group companies or any other organization.

Course modules:

- Introduction to SCORE, Workplace Cooperation and 5S Implementation
- QA/QC (Quality Assurance / Control)
- Lean Manufacturing (Muda, Mura, Muri, Pull/Push, Kanban)

Training objective

- Increasing global and local competition forces enterprises to constantly upgrade productivity and products
- Investing in workforce is of central importance if you want to compete and remain in business
