

## INTERBANK ACCOUNT NUMBER UPDATE FOR DIRECT CREDIT FACILITY

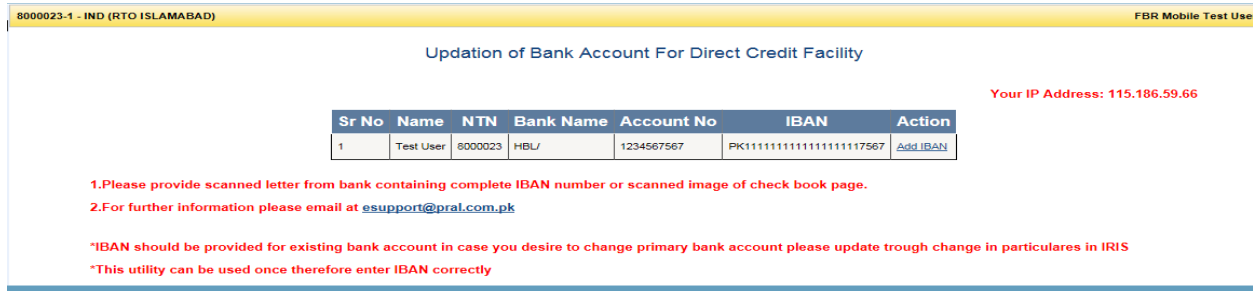

### How to Add IBAN Account Numbers

- In case you already have 24 Digit IBAN Number then add the IBAN number referring the tradition bank account number along with scan copy of Cheque Number or any transaction.
- In case you already do not have the IBAN number then the Interbank Account Numbers can be obtained from the Banks branches where your accounts are already maintained along with copy of letter from bank referring IBAN.
- In case the you want to change existing bank account number in Registration profile then you need to use IRIS registration 181 form
- The IBAN Addition is only for existing accounts already registered with FBR profile.

#### 1- Login with e-portal and select **Add IBAN**

#### 2- Verify existing Bank Account Number before adding the IBAN and in case some issue contact at [esupport@pral.com.pk](mailto:esupport@pral.com.pk)

#### 3- Add IBAN 22 digits

## Add IBAN

The IBAN should be the same Bank Account Number already used in profile.

Name : Test User
